BALANCE BIBLIOGRAFICO

Este Balance Bibliográfico está destinado al uso de los estudiantes y profesores de Ciencias Sociales en las diferentes universidades nacionales del Perú. Nosotros como autoras hemos sido alumnas y continuamos formando parte de la Universidad Federico Villarreal y la Universidad de San Marcos. Cada una de nosotras, por separado, ha tenido que afrontar los mismos problemas relativos a desinformación y desactualización en nuestros conocimientos profesionales. Muchas veces se ha dicho que sin biblioteca no hay Universidad. Podríamos añadir que la vanguardia del sistema bibliotecario son las hemerotecas. Y por consiguiente sin hemeroteca tampoco y menos aún existen universidades.

Hemos podido comprobar que en nuestras respectivas universidades de origen no existe ni una sola de las Revistas que aparecen en este primer volumen que estamos reseñando. Resultan obvias las desventajas de los estudiantes de las universidades nacionales respecto a los estudiantes de algunas universidades privadas. No estamos criticando a las universidades privadas. Por el contrario creemos que sus dirigentes y autoridades han sabido cumplir sus respectivos roles, han maximado sus esfuerzos y han conseguido que sus instituciones se encuentren al día en el más riguroso nivel internacional.

Nada más que esto pero al mismo tiempo nada menos queremos para nuestras universidades nacionales.

Ojalá que esta publicación estimule una verdadera presión desde el basamento estudiantil hacia los profesores, de los profesores hacia las autoridades, de las autoridades hacia el presupuesto y así hasta llegar al cielo de donde esperamos que llueva café.

Queremos agradecer a la Universidad Católica las facilidades que nos brindó su hemeroteca para realizar este balance bibliográfico que estará dividido en dos volúmenes. El primero sobre Sociología y Antropología, y el segundo sobre Historia, Arqueología y Arte.

THE HISTORY OF THE CITY OF BOSTON

FROM THE FIRST SETTLEMENT TO THE PRESENT TIME
BY
JOHN H. COLEMAN

The history of the city of Boston is a story of growth and development. From its humble beginnings as a small fishing village, it has become one of the most important cities in the United States. The city's location on a natural harbor made it a center of trade and commerce. Over the centuries, it has been a place of innovation and progress. The city's rich cultural heritage is reflected in its many museums, theaters, and historic sites. The city's diverse population has contributed to its unique character and success. The city's history is a testament to the power of human ingenuity and the ability of a community to overcome adversity. The city's future is bright and full of promise. The city's people are proud of their heritage and committed to building a better future for all. The city's history is a source of inspiration and pride for all who call it home.
